GAIL FARBER, Director

ADDRESS ALL CORRESPONDENCE TO:
P.O. BOX 1460
ALHAMBRA, CALIFORNIA 91802-1460

October 30, 2012

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

46 October 30, 2012

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

**ADOPT AND ADVERTISE
ROADWAY RECONSTRUCTION
SLAUSON AVENUE - FROM SAN GABRIEL RIVER BRIDGE TO
PIONEER BOULEVARD
IN THE CITY OF SANTA FE SPRINGS AND IN THE
UNINCORPORATED COMMUNITY OF LOS NIETOS
(SUPERVISORIAL DISTRICT 4)
(3 VOTES)**

SUBJECT

This action is to approve the project for roadway reconstruction on Slauson Avenue –from San Gabriel River Bridge to Pioneer Boulevard in the City of Santa Fe Springs and in the unincorporated community of Los Nietos, find this project categorically exempt from the provisions of the California Environmental Quality Act, adopt the plans and specifications, call for bids, authorize the Director of Public Works or her designee to award and execute a consultant services agreement for the preparation of a baseline construction schedule and a storm water pollution prevention plan for a fee not to exceed \$10,000, and delegate certain responsibilities to the Director of Public Works to carry out this project.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that this project is categorically exempt from the provisions of the California Environmental Quality Act.
2. Approve the project and adopt the plans and specifications that are on file in the Construction Division of the Department of Public Works for roadway reconstruction, in the City of Santa Fe Springs and in the unincorporated community of Los Nietos, at an estimated construction contract

cost between \$1,200,000 and \$1,400,000.

3. Instruct the Executive Officer of the Board of Supervisors to advertise for bids to be received and opened on November 29, 2012, in accordance with the Instruction Sheet for Publishing Legal Advertisement.
4. Authorize the Director of Public Works or her designee to award and execute a consultant services agreement with the apparent responsible contractor with the lowest responsive bid to prepare a baseline construction schedule and a storm water pollution prevention plan for a fee not to exceed \$10,000 funded by existing project funds.
5. Delegate to the Director of Public Works or her designee the following authority in connection with this contract: (1) approve and execute change orders within the same monetary limits delegated to the Director of Public Works under Section 2.18.050 of the Los Angeles County Code relative to the construction of County buildings; (2) allow substitution of subcontractors and relief of bidders upon demonstration of the grounds set forth in Public Contract Code Sections 4100 et seq. and 5100 et seq., respectively; (3) accept the project upon its final completion; (4) release retention money withheld consistent with the requirements of Public Contract Code Sections 7107 and 9203; and (5) extend the date and time for the receipt of bids consistent with the requirements of Public Contract Code Section 4104.5.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to obtain approval of the project from the Board, adopt the plans and specifications, advertise for bids, authorize the Director of Public Works (Director) or her designee to award and execute a consultant services agreement to prepare a baseline construction schedule and a storm water pollution prevention plan for a fee not to exceed \$10,000 funded by existing project funds, and delegate certain responsibilities to the Director or her designee to carry out this project.

The proposed consultant services agreement to prepare a baseline construction schedule and a storm water pollution prevention plan that conform to the County of Los Angeles' (County) specifications is critical to successfully manage construction activities by both the contractor and the County, and a responsible contractor must be able to produce these deliverables. Bid specifications provide that if the apparent lowest bidder fails to complete acceptable deliverables, the Department of Public Works (Public Works) may return to the Board to recommend that the bidder be determined nonresponsive and recommend awarding the construction contract to the next apparent responsible contractor with the lowest responsive bid contingent on that bidder completing deliverables, which conform to the County's specifications.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Integrated Services Delivery (Goal 3). The recommended actions will help achieve these goals by providing improved highway facilities for the traveling public, which will benefit the community.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The estimated construction contract cost to complete this project is in the range of \$1,200,000 to \$1,400,000. The total project cost is estimated to be \$2,249,000. In addition to the construction contract cost, the total project cost includes environmental clearance, preparation of plans and specifications, right of way acquisition, survey, materials testing, inspection, contract administration, change order contingency, and other County services.

A portion of this project is in the City of Santa Fe Springs (City). The City will finance its jurisdictional share of the cost of the project, estimated to be \$28,000, under City Service Request No. 26057.

Financing for the project is included in the Fourth Supervisorial District's Road Construction Program in the Fiscal Year 2012-13 Proposition C Local Return Fund and Road Fund Budgets.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This project, to contract for roadway reconstruction, is part of the Public Works' ongoing highway construction and maintenance program. It will be advertised in accordance with Section 20392 of the State Public Contract Code.

This project is to be completed in 90 working days. It is estimated the work will start in April 2013 and be completed in October September 2013.

The contract agreement will be in the form previously reviewed and approved as to form by County Counsel.

The award of the contract will not result in unauthorized disclosure of confidential information and will be in full compliance with Federal, State, and County regulations. The project specifications contain provisions requiring the contractor to comply with terms and conditions supporting the Board's ordinances, policies, and programs including, but not limited to: the County's Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; the Los Angeles County's Defaulted Property Tax Reduction Program Ordinance, Los Angeles County Code, Chapter 2.206; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the County to award construction contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the County to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the County to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure that the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State

License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor will be considered before making a recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.

ENVIRONMENTAL DOCUMENTATION

This project is categorically exempt pursuant to Sections 15301(c) and 15303 of the California Environmental Quality Act Guidelines; Classes 1(e) and 1(n); Class 1, Subsections (x)(14) and (x)(16); and Class 3(h) of the revised County Environmental Document Reporting Procedures and Guidelines adopted by the Board on November 17, 1987. These exemptions provide for the construction of retaining walls; reconstruction of existing roadway pavement, driveways, and sidewalk; and maintenance of existing roadway facilities.

CONTRACTING PROCESS

This project will be contracted on an open-competitive bid basis. A recommendation for award by the Board will be made upon review of the bids. The contract will be awarded to a responsible contractor who submits the lowest responsive bid meeting the criteria established by the Board and the State Public Contract Code.

To increase contractor awareness of Public Works' program to contract work out to the private sector, this project will be listed on the County website for upcoming bids.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

When the project is completed, it will have a positive impact by providing improved highway facilities for the traveling public, which will benefit the community.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Construction Division.

The Honorable Board of Supervisors

10/30/2012
